## **PRESS RELEASE**

### **OBERMEYER ONCE AGAIN NAMED ONE OF AMERICA'S BEST INDEPENDENT FINANCIAL ADVISORS**

*Aspen-Based Money Manager Only Colorado Representative On  
Barron's Top 100 List*

**Aspen, CO—September 8, 2009**—Obermeyer Asset Management Company one of Colorado's premier discretionary asset management firms, today announced that *Barron's* magazine has named Wally Obermeyer one of the top advisors in the nation. The *Barron's* 2009 list of Top 100 Independent Financial Advisors was published in the magazine's August 31<sup>st</sup> edition.

The list of distinguished advisors, culled from more than 500 nominations, is based on assets under management, revenues the advisors generate for their firms, and the quality of their practices. *Barron's*, one of Wall Street's most well-regarded publications, publishes its list to identify elite practitioners in the field and highlight the investing practices that are protecting and growing the wealth of investors.

Mr. Obermeyer, who serves as president of Obermeyer Asset Management Company, was the only advisor in Colorado to be included in the 2009 survey. This year marks his third consecutive appearance on the list.

"I am, of course, pleased and honored by this recognition, but more than that, I'm proud of the way our firm has evolved over the years," said Obermeyer. "I think the combination of our focus on each individual client and consistent investment style builds a kind of enduring confidence."

Obermeyer, who entered the investment business in 1994 with \$1 million under management, has grown the firm's asset base to over \$600 million today. The Obermeyer team builds and manages marketable securities portfolios for about 300 families. The firm recently opened an office in the Cherry Creek business district of Denver, one of the West's most important financial centers, to extend Obermeyer's reach toward Colorado's affluent investors.

“To be in the Barron's Top 100 Independent Advisors demonstrates the level of excellence that my team delivers to our loyal clients,” says Obermeyer. “Without these important partnerships, this recognition would not have been possible.”

*Barron's* financial weekly has been published by Dow Jones & Company since 1921. It is viewed as a premier source for market analysis and insights by senior executives, money managers, and affluent investors who rely on the publication to help them manage capital and grow their wealth.
